CANNABIS SUPPLY-CHAIN SYSTEM
BUILT FOR DISPENSARIES

VENDORS · PAYMENTS · CREDIT · CONSIGNMENT — ONE ENGINE

Run your back office on autopilot. Optimize every slot on your shelf.

The cannabis-specific system that reads every invoice, pays every vendor, and recovers every credit — **fully integrated with Metrc** and every major POS. Less busywork, tighter margins, more shelf ROI.

THE PLATFORM, FOUR WAYS

Vendor Management

01

Every vendor contact, brand, and performance metric in **one location** — so you know who's earning their shelf.

Accounts Payable

02

Every invoice **read by AI and matched to Metrc** before you pay — so you never overpay for what didn't arrive.

Consignment

03

Carry inventory for **free**, then pay your vendor **automatically** as product sells through. Cash stays in your pocket.

Credit Recovery

04

Returns, aging inventory, and shared promotions — **built into credit memos** and sent for you, so nothing gets left on the table.

Pay by **digital check**, physical check, or ACH

ShelfiQ answers vendor AP email automatically

Fully integrated with **Metrc**

Works with all major POS systems
